Account Management

US-01 Account Management · 3 pts · Done · Login/Register	
As a	photographer,
I want to	register an account with my name, email, studio, and password
So that	I can keep my account private and log in securely.
Acceptance Criteria	→ Given I fill in all required fields and click "Create Account", then my account is created and I am redirected to the dashboard. → Given I enter an email that is already registered, then I see "Email already in use." → Given I enter passwords that do not match, then I see "Passwords do not match."

US-02 Account Management · 2 pts · Done · Login	
As a	photographer,
I want to	log in with my email and password
So that	I can access my events and dashboard.
Acceptance Criteria	→ Given I enter valid credentials, then I am redirected to the photographer dashboard. → Given I enter incorrect credentials, then I see "Invalid email or password." → Given I check "Remember me", when I close and reopen the browser, then I remain logged in.

US-03 Account Management · 1 pts · Done · Logout	
As a	signed-in photographer,
I want to	log out of my account
So that	I can maintain privacy on shared devices.
Acceptance Criteria	→ Given I click my avatar and select "Sign Out", then I am redirected to the catalog page and my token is cleared.

US-04 Account Management · 3 pts · Done · Login	
As a	photographer,
I want to	recover my forgotten password via email
So that	I can regain access to my account.
Acceptance Criteria	→ Given I submit a registered email on the forgot-password page, then I receive a reset link within 2 minutes. → Given I click the reset link (within 1 hour), then I can set a new password. → Given the link is older than 1 hour, then I see "This link has expired."

US-05 Account Management · 2 pts · Done · Profile	
As a	photographer,
I want to	update my profile information (name, studio, email)
So that	my account details stay current.
Acceptance Criteria	→ Given I update my studio name and save, then the new name appears in the dashboard header immediately. → Given I change my email to one already in use, then I see an error preventing the change.

US-06 Account Management · 3 pts · Done · Profile	
As a	photographer,
I want to	have my account and all data permanently deleted
So that	I can exercise my right to privacy.
Acceptance Criteria	→ Given I confirm account deletion, then all my events, photos, and personal data are erased within 72 hours. → Given I submit a deletion request, then I receive an email confirmation of the deletion.

Event Management

US-07 Event Management · 5 pts · Done · Dashboard	
As a	photographer,
I want to	create a new event with name, date, location, and description
So that	I can organise my photo uploads by event.
Acceptance Criteria	→ Given I fill in event name and date and click "Create Event", then the event appears in my dashboard list. → Given I omit the event name, then I see "Event name is required." → Given the event is created, then a unique QR code and event code are automatically generated.

US-08 Event Management · 2 pts · Done · Dashboard	
As a	photographer,
I want to	view all my events in a list
So that	I can manage and monitor them from one place.
Acceptance Criteria	→ Given I navigate to my dashboard, then I see all events sorted by most recently created. → Given I have no events, then I see "No events yet — create your first one!"

US-09 Event Management · 3 pts · Done · Dashboard	
As a	photographer,
I want to	edit an existing event's details
So that	I can correct mistakes or update information.
Acceptance Criteria	→ Given I edit an event name and save, then the updated name appears immediately in the event list. → Given I clear the event name field, then the save button is disabled.

US-10 Event Management · 2 pts · Done · Dashboard	
As a	photographer,
I want to	delete an event
So that	I can remove test or cancelled events from my dashboard.
Acceptance Criteria	→ Given I click delete and confirm, then the event and all associated photos are removed. → Given I dismiss the confirmation dialog, then the event is not deleted.

US-11 Event Management · 3 pts · Done · Dashboard	
---	--

As a	photographer,
I want to	generate and download a QR code for each event
So that	guests can scan it to find their photos instantly.
Acceptance Criteria	→ Given I create an event, then a QR code is automatically generated. → Given I click "Download QR", then a PNG file is saved to my device. → Given a guest scans the QR code, then they are directed to the correct event selfie-search page.

Photo Upload

US-12 Photo Upload · 8 pts · Done · Upload	
As a	photographer,
I want to	upload up to 500 photos at a time to an event
So that	guests can search for themselves across all shots.
Acceptance Criteria	→ Given I select 500 JPG files and click upload, then all are uploaded with a progress indicator shown. → Given I upload a non-image file, then it is rejected with "Only JPG, PNG, and HEIC files are supported." → Given the upload completes, then AI face processing starts automatically.

US-13 Photo Upload · 5 pts · Done · Upload	
As a	photographer,
I want to	see AI processing progress for each upload batch
So that	I know when photos are ready for guests.
Acceptance Criteria	→ Given photos are being processed, then I see a progress bar with percentage complete. → Given processing completes, then the status updates to "Faces indexed" with a total count. → Given processing fails, then I see an error message with a retry option.

US-14 Photo Upload · 3 pts · Done · Upload	
As a	photographer,
I want to	drag and drop photos into the upload zone
So that	uploading is fast and intuitive.
Acceptance Criteria	→ Given I drag image files over the upload zone, then it highlights and accepts the drop. → Given I drop non-image files, then they are ignored and I see "Only image files are accepted."

US-15 Photo Upload · 3 pts · Done · Upload	
As a	photographer,
I want to	delete individual photos from an event
So that	I can remove unwanted or accidental uploads.
Acceptance Criteria	→ Given I select a photo and click delete, then the photo is removed from the event and AI indexes. → Given I delete a photo, then the face index is updated within 30 seconds.

AI Face Matching

US-16 AI Face Matching · 13 pts · Done · Selfie Search	
As a	guest,
I want to	upload a selfie at an event
So that	the AI can find all photos of me in under 5 seconds.
Acceptance Criteria	→ Given I upload a clear selfie, then matched results appear in under 5 seconds. → Given no photos match, then I see "No photos found — try a clearer selfie." → Given my selfie is blurry, then I see "Please upload a clearer photo of your face."

US-17 AI Face Matching · 5 pts · Done · Results	
As a	guest,
I want to	see all matched photos in a grid sorted by confidence
So that	I can browse and select photos to download.
Acceptance Criteria	→ Given matches are found, then they are displayed in a responsive grid sorted by confidence score. → Given I hover a photo, then a download button appears. → Each result shows a match confidence percentage.

US-18 AI Face Matching · 5 pts · Done · Results	
As a	guest,
I want to	download individual matched photos or all at once
So that	I can save them to my device.
Acceptance Criteria	→ Given I click "Download" on a photo, then the full-resolution image saves to my device. → Given I click "Download All", then all matched photos are compressed into a ZIP file.

US-19 AI Face Matching · 5 pts · Done · Selfie Search	
As a	guest,
I want to	I want my selfie to be automatically deleted after matching
So that	my biometric data is not stored on the platform.
Acceptance Criteria	→ Given matching completes, then the selfie is deleted from the server within 60 seconds. → Given I request data deletion, then I receive confirmation within 24 hours.

Event Catalog

US-20 Event Catalog · 3 pts · Done · Catalog	
As a	visitor,
I want to	browse all public events on the catalog page
So that	I can find my event without needing a QR code.
Acceptance Criteria	→ Given I visit the homepage, then I see a grid of all active and past events. → Given there are no events, then I see "No events available."

US-21 Event Catalog · 2 pts · Done · Catalog / Search	
As a	visitor,
I want to	search for an event by name or location
So that	I can quickly find a specific event.
Acceptance Criteria	→ Given I type in the search bar, then only matching events are shown in real time. → Given no events match my search, then I see "No events match your search."

US-22 Event Catalog · 2 pts · Done · Catalog / Filter	
As a	visitor,
I want to	filter events by status and category
So that	I can narrow down events relevant to me.
Acceptance Criteria	→ Given I click "Live Now", then only live-status events are shown. → Given I click "Weddings", then only wedding-category events are shown. → Filters and search can be combined simultaneously.

US-23 Event Catalog · 1 pts · Done · Catalog	
As a	visitor,
I want to	see event details on each card (date, location, photo count)
So that	I can decide whether to enter the event.
Acceptance Criteria	→ Each event card shows: name, date, location, photo count, and selfie search count. → Live events display an animated pulsing "Live" badge.

Dashboard & Analytics

US-24 Dashboard & Analytics · 3 pts · Done · Dashboard	
As a	photographer,
I want to	see key stats on my dashboard (events, photos, searches, active events)
So that	I can monitor performance at a glance.
Acceptance Criteria	→ Given I log in, then the dashboard shows four stat cards with current values. → Stats update when new uploads or searches occur.

US-25 Dashboard & Analytics · 3 pts · Done · Dashboard	
As a	photographer,
I want to	see a recent activity feed
So that	I know the latest searches, uploads, and QR scans on my events.
Acceptance Criteria	→ Given the dashboard loads, then I see the 5 most recent activity items with timestamps. → Given a new selfie search occurs, then it appears at the top of the feed within 10 seconds.

US-26 Dashboard & Analytics · 5 pts · Done · Analytics	
As a	photographer,
I want to	see per-event analytics (views, searches, match rate, downloads)
So that	I can evaluate which events performed best.
Acceptance Criteria	→ Given I open an event's analytics tab, then I see views, search attempts, matches, and downloads. → Given I filter by date range, then analytics update accordingly.

US-27 Dashboard & Analytics · 3 pts · Done · Analytics	
As a	photographer,
I want to	export event analytics as a CSV
So that	I can include them in client reports.
Acceptance Criteria	→ Given I click "Export CSV", then a file downloads with all analytics rows. → The CSV includes: event name, date, total photos, searches, matches, and downloads.

Privacy & Security

US-28 Privacy & Security · 3 pts · Done · Selfie Search	
As a	guest,
I want to	be informed about how my selfie is used and deleted
So that	I can trust the platform with my biometric data.
Acceptance Criteria	→ A privacy notice is displayed before the selfie upload step. → The notice explains selfies are deleted within 60 seconds of matching. → I must accept the privacy notice before I can upload.

US-29 Privacy & Security · 5 pts · Done · API / Backend	
As a	photographer,
I want to	I want all API endpoints to require JWT authentication
So that	only authorised users can access event and photo data.
Acceptance Criteria	→ Given I call a protected endpoint without a valid token, then I receive a 401 Unauthorised response. → Given my token expires, then I am prompted to log in again.

US-30 Privacy & Security · 3 pts · Done · Dashboard	
As a	photographer,
I want to	make an event private with an email whitelist
So that	only invited guests can search for photos.
Acceptance Criteria	→ Given I enable "Private Event", then only whitelisted emails can access the event search page. → Given a non-whitelisted guest attempts access, then they see "This event is private."

US-31 Privacy & Security · 3 pts · Done · Profile / Settings	
As a	guest,
I want to	request deletion of all photos containing my face
So that	I can exercise my right to be forgotten.
Acceptance Criteria	→ Given I submit a deletion request, then all matched photos are removed within 72 hours. → Given deletion completes, then I receive an email confirmation.

US-32 Privacy & Security · 2 pts · Done · Profile	
As a	photographer,

I want to	receive email confirmations for key account events
So that	I have a written record and can detect unauthorised activity.
Acceptance Criteria	→ Given I create an event, then I receive a confirmation email within 1 minute. → Given someone logs into my account from a new device, then I receive a security alert email.
